KEIGLEY QUARRY PERMIT TRANSFER DOCUMENTS
REMAINING ISSUES/CONCERNS

(October 13, 1999)

LMO Transfer Form (FORM MR-TRL)

- (1) Page 1 of 6, item # 3(b): The actual number of acres disturbed by the operation through the date of transfer. *We need a best estimate if the operator is not certain at this point in time. This information will eventually need to be addressed accurately (may require actual land/aerial survey and updated maps).*
- (2) Page 2 of 6, item # 3(c): A legal description must be attached of the above acreage as Appendix "A", and a map of suitable scale with actual disturbed areas clearly shown and identified on the map. *We will need the best map currently available to address this information. A disturbed area border/boundary would be helpful, labeling of principal features/surface facilities as well as labeling of the section corners on this map. A current updated disturbed area and surface facilities map may eventually be required if the existing map(s) are determined to be inaccurate.*
- (3) Page 3 of 6: The sworn/notarized statement of transferor remains outstanding.
- (4) Page 4 of 6: The sworn/notarized statement of transferee remains outstanding.
- (5) Page 6 of 6: Appendix "A", legal description of lands to be disturbed needs to be completed.

RECLAMATION CONTRACT (FORM MR-RC)

- (1) Page 1 of 7: Disturbed Acres must be identified. This number must concur with what is listed on the surety bond form.
- (2) Page 2 of 7: "Surety Company", the policy or surety bond # must be provided.
- (3) Page 2 of 7: "Escalation Year", use year **2003** as currently listed on Geneva's contract.
- (4) Page 5 of 7: Authorized Officer's notarized signature remains outstanding.

SURETY BOND (FORM MR-5)

We need to see this form in draft to determine completeness and accuracy before it is finalized.

Note: The Division will require all forms to be given a final review by Division counsel before documents are forwarded to the Director for final Division approval.
